REPORT

For the year ended 31st December, 1926.

The Medical Officers' Report and the Accounts for the past year are presented herewith.

As stated in the last Report several important additions are needed to adapt the Hospital service to present-day requirements and particularly an increase of the private ward accommodation, a more experienced assistant nursing staff, and an X-ray apparatus.

Even with its present equipment the Hospital is no doubt of much value, but unless some effort is made to move with the times it will inevitably be regarded with diminishing favour and eventually cease to command general support. If on the other hand the Hospital can be converted into a thoroughly up-to-date institution available as at present on moderate and elastic terms, the benefit to the district will be incalculable.

To meet all requirements it will be necessary not only to raise a substantial capital sum, but also to secure a very considerable increase of revenue.

The cottage property purchased for enlargements (see the photographic views herewith) being occupied by tenants of long standing the Committee feel that they will not be justified in taking possession until housing conditions generally become somewhat easier. Therefore they do not propose to make any special appeal for building funds at present, but to devote their immediate attention to obtaining more annual subscriptions. They have already made some efforts in that direction, and the result is by no means discouraging; new subscriptions to the amount of £80 or thereabouts having been secured.

Though the main object at the moment is to increase revenue the Committee will welcome opportunities of adding to the Building and Improvement Fund which has already been inaugurated (see Accounts) with timely assistance from Mr. and Mrs. S. A. P. Kitcat, Mrs. Norman Clough, and the Claygate Juvenile Club.

The new system of maintenance charges is working satisfactorily, and an appreciable addition to revenue seems likely to result.

The improvement in cooking and diet foreshadowed in the last Report has been successfully introduced and appears to be much appreciated.

The Alexandra Rose Day collection exceeded all previous records—£130 was allotted to the Hospital out of the proceeds, and with the aid of this sum it has been possible not only to meet the cost of improved diet but also to restore the sum of £150 drawn from Reserve in 1925.

In view of the considerable population now concerned the committee have decided to reorganize the method of collecting subscriptions in Thames Ditton and Col. J. G. A. Wimberley has been appointed hon. assistant treasurer for that area. Mrs. Norman Clough and Mr. J. W. Pearce who have hitherto acted as hon. assistant treasurers are unable to spare the time needed for all the work that is contemplated, and have therefore resigned, but they will join the other ladies and gentlemen named below in assisting Col. Wimberley.

Mrs. Fairclough has resigned the position of hon. assistant treasurer for Claygate and Mrs. Gaselee has been appointed in her place. The Committee tender most sincere thanks to Mrs. Fairclough for her long and valuable service.

There is a vacancy on the Committee in consequence of the resignation of the Rev. J. R. Appleyard on leaving the district.

Mrs. Walker, Mrs. Johnson, Miss Willis, Mrs. Trouncer and Mrs. Lambert retire from the Committee by rotation and being eligible offer themselves for re-election. Dr. Stewart Farquharson will be proposed for election to the Medical Staff.

Pound Day was held in February as usual under the superintendence of Mrs. Wheeler and the House Committee, and a summary of the results will be found on a later page.

The Committee tender sincere thanks for the subscriptions and collections specified in the attached lists, and desire to express particular appreciation of the support given by the Esher Allotment Holders' Association.

Mainly through the efforts of Mr. and Mrs. James Atkinson a wireless set has been installed with two loud speakers and nine pairs of ear 'phones. Hearty thanks are tendered to Mr. and Mrs. Atkinson for their assistance in obtaining this valuable addition to the Hospital amenities.

Gifts in kind have included a wheel chair, a kaleidoscope, a dressing gown, books, cushions, linen, magazines, tickets for entertainments, plants for the garden, china, glass, groceries, mineral water, cordials, milk, butter, eggs, cakes, poultry, tea, toys, surgical appliances and nursing requisites, and for Christmas a turkey, champagne, game, poultry, fruit, jam, sweets, etc., crackers and evergreens.

In case the fact should not be generally known the Committee venture to point out that gifts of linen (old or new) and letters for convalescent homes are most acceptable.

Most sincere thanks are tendered to Miss Button for her able assistance.

Subscriptions and Donations may be paid to the hon. treasurer, Mr. J. R. Hance, Orchard Cottage, Esher, or to the Account of the

Thames Ditton Cottage Hospital, with the Thames Ditton or Esher Branch of Barclay's Bank, or to any of the following ladies and gentlemen:—

RULES.

I.

“The Thames Ditton Cottage Hospital for the Dittons, Esher and Claygate” is provided for patients in the Dittons, Esher and Claygate who are in need of accommodation thereat.

II.

The management of the Institution shall be vested in the Committee, consisting of the President, Vice-Presidents, Treasurer, Secretary, Assistant Secretary (if any), Medical Officers and not more than 20 Members, elected from the Subscribers, five of whom shall retire annually by rotation, but shall be eligible for re-election.

III.

A General Meeting of the Subscribers shall be held annually within three calendar months after the close of the Hospital's financial year. At this meeting a report shall be presented by the Committee, and the Treasurer shall produce his accounts for the past year. The Committee, Medical Officers, Treasurer, Secretary and Assistant Secretary (if required) shall be elected, and an Auditor appointed for the ensuing year, and any vacancy in the offices of President, Vice-President or Trustees filled up. Alterations in the rules may be made, and such other business transacted as may be necessary. Subscribers of five shillings and upwards shall be entitled to vote at these meetings.

The Committee shall have power at any time, with the Treasurer's consent, to appoint one or more Assistant Treasurers. The duties of Assistant Treasurers shall be confined to assisting the Treasurer in the collection of subscriptions in such manner as he may arrange. They shall hold office during the pleasure of the Committee, and shall not be members thereof *ex-officio*.

IV.

No gentleman shall be eligible for the post of Medical Officer unless he be legally qualified; any legally qualified Medical Practitioner shall be allowed to attend upon cases in the Hospital under his care at the time of admission.

V.

The Committee, of whom five shall form a quorum, shall meet quarterly and at such other times as may be necessary.

VI.

The Committee shall, after the Annual General Meeting of Subscribers, appoint a House Committee consisting of ten or more members of the Committee, three to form a quorum. The House Committee shall meet monthly, and at such other times as may be necessary to receive a report from the Medical Staff, to regulate the purchase of necessaries, and generally administer the work of the Hospital. The Secretary and Assistant Secretary (if any) and the Medical Officers shall be *ex officio* members.

The House Committee shall appoint at each monthly meeting two of their members to act as Visitors during the ensuing month, who shall visit the Hospital as may be required, attend to its current working, and inspect the weekly accounts. The Visitors may call in such extra temporary assistance as may from time to time be necessary for the efficient working of the Institution.

VII.

In the event of any vacancy occurring in the Committee, or the House Committee, or among the Officers of the Institution, arising from death, resignation or otherwise, the Committee shall have power to fill up such vacancy, and to fill up any vacancy that may not have been filled up at the General Meeting; and the person appointed shall hold office until the next Annual General Meeting.

VIII.

The funds for the support of the Institution shall be raised by voluntary contributions, interest on investments, and by payments of the patients or their friends.

IX.

With the exception of cases of accident or sudden emergency and such other cases as may be exempted by the Committee on grounds of expediency, no patient shall be admitted without a certificate of a duly qualified medical man practicing in the district, subject to Rule XVII.

X.

The Committee may direct the investment of the funds of the Institution, not required for current purposes, in the names of the Trustees, in the public funds or in such other securities as Trustees are by law permitted to invest trust monies.

XI.

The Committee at any time may, and the Secretary, upon the requisition of ten Subscribers, shall call a Special Meeting of Subscribers. The notice calling such meeting shall state the business proposed to be transacted thereat, and no other business shall be transacted at such meeting. Not less than fourteen days' notice shall be given of every Annual General Meeting or Special Meeting. Such notice shall be given to every Subscriber entitled to vote. The omission of any individual notice shall not invalidate the meeting.

XII.

All questions brought before a meeting of Subscribers shall be decided by a show of hands, the Chairman having the casting vote.

XIII.

No rule shall be altered or any new rule made except at a General or Special Meeting of the Subscribers, and no motion for a new rule or alteration of an existing rule shall be brought forward at such meeting unless notice thereof in writing shall have been delivered to the Committee or Secretary at least fourteen clear days previous to the holding of the meeting.

XIV.

The appointment of Matron and Nurses shall be vested in and held during the pleasure of the Committee, at such salaries and with such uniform as the Committee may from time to time determine, but the Committee shall have power to depute any of their duties under this Rule to the House Committee.

XV.

Patients shall pay such contributions for reception and maintenance as the Committee may prescribe. Medical practitioners attending patients in the Hospital shall, subject to any regulations that may be prescribed by the Committee, be entitled to receive their usual fees from patients who are able and willing to pay for medical attendance, but no preferential treatment of any sort shall be accorded to any patient in consequence of such payment.

XVI.

In Dental cases the benefits given are advice and extraction of teeth and such charges shall be made for reception and treatment as the Committee may from time to time prescribe.

XVII.

No person shall be eligible for admission to the Hospital who is afflicted with any disease which is considered infectious or contagious, including pulmonary tuberculosis, with epilepsy or insanity, or with any disease not likely to be soon cured or mitigated by treatment. Lying-in cases cannot be treated in the Hospital.

XVIII.

Except in cases of urgency every patient admitted should be provided with decent clothing and proper change of linen.

XIX.

All cases in the Hospital shall be reported at the monthly meeting of the House Committee. All patients shall be discharged at the end of one month after admission unless the Medical Officer in attendance on the case certify to the House Committee, Secretary, or Assistant Secretary that there is a probability of cure or considerable relief. No patient shall remain in Hospital for more than two months without the special leave of the House Committee.

XX.

Subject to the regulations of the Hospital, patients may be visited by any Clergyman or Minister of Religion whom they may desire to see.

XXI.

Friends of patients in the Hospital may be admitted on such days and at such times as the Committee shall appoint.
